

Mayor of London Election

DENNIS DELDERFIELD says ...

STOP THE WASTE OF PUBLIC MONEY!

For 800 years we have had a Lord Mayor of London. We do not need a Mayor of London as well. **MR LIVINGSTONE HAS A SALARY OF £140,000 A YEAR.** I have signed a Declaration of Intent, witnessed by a Barrister-at-Law in the Middle Temple that if elected Mayor of London **I WILL NOT ACCEPT ANY SALARY** and will work to abolish the post of Mayor of London. We also have a Deputy Mayor who receives £92,594 and the cost for the members of the **LONDON ASSEMBLY IS £1,235,856. THEY CAN ALL BE ABOLISHED.**

There are two bodies who do overall planning for London, they are the Greater London Authority and the London Councils. We do not want the cost of unnecessary duplication. Every London Borough is represented by a senior Councillor on London Councils. The London Councils headed by the Lord Mayor can do the necessary overall planning for London. I want a revision of local Government in London and give people the opportunity, if they wish, of going back to the historic smaller Boroughs rather than the enormous, expensive major Boroughs we have at present.

THE OLYMPICS

We cannot afford the London Olympics whose budget continually grows. It is too late to stop the London Olympics but the organizers must keep to their original budget of £2.35 billion and not have any more public money.

THE HOMELESS

A scar on the face of London are the many people sleeping rough on the streets. We should have a team who would go out and talk to the homeless, invite them to come for a meal and a night's lodging and in the morning talk to an advisor who could help them with their problems. There are some voluntary organizations doing this on a small scale and they should be supported.

THE EUROPEAN UNION

We are ruled from Brussels and every week will have to give them £155 million net. I want Britain to come out of the European Union, strengthen the links with the Commonwealth and be governed from Westminster.

RACE RELATIONS

We must have good race relations in London and to achieve this all illegal immigrants should be sent back to the country from which they came. The existing population has a grievance when they see thousands coming in illegally.

EMPLOYMENT

Delegates should be appointed to go abroad to secure orders for London firms. Delegates must be able to speak the language and know the background of the country for which they are responsible.
